

## Configuration Sheet

### Cooling Options – Fan Trays

#### Drop in Fan Trays

- Modrac have three easily installed Drop in fan trays.
- A two way, four way and a six way unit.
- The fan trays are all hot swappable, with four screws fitting the units to the top of the cabinet.
- The fan trays are installed from the top (outside) the cabinet, thereby offering easy accessibility when replacing a unit.
- All fan trays are zinc phosphate treated and then powder coated to prevent rusting.

#### Rack Mountable Fan Trays

- Modrac offer a 3way and a 6 way rack mountable fan trays for supplemental air flow.
- All rack mountable trays come with a pilot light to indicate whether the power is on or off.
